KIDS and KITE Connection

## KSDE Annual Conference—Preconference

October 26, 2015

Kimberly Wright, KSDE
James Herynk, AAI

- What is KIDS?
  - KIDS is protected via a secure login system called Common Authentication
  - A username and password will allow you to login to KIDS
  - Each district decides how the data upload process is structured
    - One central KIDS Coordinator uploads files to KIDS
    - Each building has a KIDS Coordinator that uploads files to KIDS

- Why are data submitted to KSDE via KIDS?
  - For state reporting
  - For federal reporting
  - For accreditation and accountability

State Reporting

Federal Reporting

Accountability

- What do I need to know about KIDS as a Test Coordinator?
  - Find out how your district structures the process
  - Find out who at your building/district submits data for your building/district

- **How** do schools/districts submit data to KIDS?
  - Access the student information system (SIS)
  - Generate SIS Report
  - Extract file from SIS
  - Log in to KIDS
  - Upload file to KIDS (no direct data entry is done in KIDS)

- What KIDS records are needed so that my students can take assessments in KITE?
    - It depends on what type of assessment they will be taking, so reference the State Assessments and KIDS Data 2015-2016

State Assessments and KIDS Data 2015-2016

Content Area	KIDS TEST record required?	KIDS STCO record required?	KIDS TASC record required?
Summative Math, ELA, State Science, State History/Gov. Assessment	Yes	No	No
DLM (Math, ELA, and Science	Yes	Only if proctor fields are blank on the TEST record	No
