COURSE DESCRIPTION:

This course addresses ways to enact school improvement and to support continuous performance for all students. Emphasis will be placed on the five KBOR schooling outcomes. Successful school programs will be highlighted.

ACTIVITIES/REQUIREMENTS:

- Enroll in and attend the KSDE Annual Conference in Wichita on October 16-17, 2018. Course content and assignments will be based on attendance at this conference.
- Prepare an analysis paper related to your conference attendance. Identify the sessions you attended by session title and presenter. Provide a summary of the content and your analysis of the value and usefulness of that information for enacting school and instructional improvement.
- Once enrolled, the instructor may provide additional information or guidelines.
- Submit your paper to the instructor at tgoodson@ksu.edu by November 30, 2018.

HOW TO ENROLL:

See the next page for information on enrolling in this course for credit.
